LIKE A RAW SURGE OF ENERGY, THE FIRST-EVER MID-SIZE DODGE SUV TAKES TO THE STREETS WITH A COMMANDING PRESENCE, SPORTY PERFORMANCE AND FLEXIBLE INTERIOR. THE ALL NEW DODGE NITRO R/T* IN INFERNO RED CRYSTAL PEARL, ARMED WITH 255 HORSEPOWER AND 265 LB-FT OF TORQUE.

*Late availability.

OVER-THE-COUNTER ATTITUDE.

Like a raw surge of energy, the first-ever mid-size Dodge SUV takes to the streets with a commanding presence, sporty performance and flexible interior. The all new Dodge Nitro R/T* in Inferno Red Crystal Pearl, armed with 255 horsepower and 265 lb-ft of torque.

*Late availability.
Nitro R/T* in Electric Blue Pearl styled with standard 20-inch chrome-clad wheels, body colour grille with bright billets, bright accent side vents and confidence.

*Late availability.
Nitro SLT big and bold in Black, sporting class* exclusive available 20-inch chrome-clad wheels!
THIS STYLING CAN’T STAND STILL.

This one will cause Boy Scouts to grab granny’s arm and proceed with caution. That’s because Nitro was designed to be a shot of adrenaline in the arm of an anaemic crowd of mid-size SUVs. It stirs the senses with an aggressive signature Dodge crosshair grille and powerful stance. Its distinctive styling is marked by a bold front end and chiseled lines. Available class*-exclusive 20-inch chrome-clad wheels† fortify its wheels-to-the-corners stance for increased performance and handling. Large wraparound headlamps attach to the grille for a custom fit and finished appearance. Standard side vent detailing, bright accents and fender flares – Deep Grey on SE and SXT and body colour on SLT and R/T† – give Nitro an edge worthy of yours. Cross over to dodge.ca or call 1-800-361-3700 for details. *Based on Automotive News classification. †Late availability.
Nitro SLT interior shown featuring available Slate Grey two-tone leather-faced seats.
**A COMBUSTIBLE COMBINATION OF STYLE AND COMFORT.**

Nitro’s attitude runs deeper than sheet metal and bulked-up tires. Inside, Nitro dishes anything but the standard washed-out interior by serving a mix of two-tone or monochromatic configurations and heated leather-faced seating choices. Two-tone colour configurations stretch from the seats to the door trim to the instrument panel. Monochromatic packages add sheen with Satin Silver accents. Available class*-exclusive YES Essentials™ stain resistant, odour resistant, anti-static seat fabric† helps keep seats looking as they did the day they rolled off the lot. The technology withstands spot cleaning – even repeatedly in the same location – and keeps the upholstery fresh by controlling bacteria-based odours within the vehicle. R/T‡ models up the intensity with three interior choices: a striking two-tone Light and Dark Slate Grey cloth interior with Silver accent stitching and R/T logo comes standard; or the available two-tone Slate Grey cloth seats are teamed with unique Red cloth inserts, Red accent stitching and R/T logo; the optional monotone Dark Slate Grey leather-faced seats feature Red accent stitching and an R/T logo.

Nitro SLT and R/T models boast a new standard Electronic Vehicle Information Centre that uses steering wheel mounted switches to access compass, temperature and trip computer readings as well as personal settings, UConnect™ Hands-Free Communication System†† (included with available MyGIG™ Multimedia Infotainment System‡ [shown]), audio modes and system status messages, including a Tire Pressure Monitoring Display. Scope it out at dodge.ca or call 1-800-361-3700.

*Based on Automotive News classification. †Not compatible with aftermarket fabric protecting coatings. ‡Late availability. ††Must use Bluetooth™ compatible mobile phone.
Nitro gets its bang from two powerful SOHC V6 engines. An authoritative 3.7-litre with 210 horsepower and 235 lb-ft of torque is mated to either a six-speed manual or available four-speed automatic transmission (optional on SE and SXT and standard on SLT). For more power, R/T* models boast a standard 255-horsepower, 265 lb-ft of torque, 4.0-litre* powder keg with a highly refined five-speed automatic transmission. Two all new suspension systems deliver outstanding and dynamic handling.

**A PERFORMANCE-TUNED SUSPENSION** works in tandem with class'-exclusive 20-inch chrome-clad wheels* for improved cornering and increased traction, available on SLT and standard on R/T.

**THE SPORT SUSPENSION,** standard on SE, SXT and SLT, transfers the optimum teaming of handling and control to the pavement through either 16- or 17-inch wheels. Nitro also has the most available powertrain combinations in its class’ and lets you choose between standard two-wheel drive (SE and SXT) or two available four-wheel drive configurations.* The part-time system offers the ability to change from 2WD mode to 4WD on the fly. The available full-time system* boasts one of the most advanced AWD systems in its class.† Both systems work with the standard Electronic Stability Program (ESP™)‡ with all speed traction control to transfer power to any one of the four wheels with the most available traction, making it your ultimate all-season, any-climate choice. Floor it over to dodge.ca or call 1-800-361-3700 for more info.

*Late availability. †Based on Automotive News classification. ‡No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the instrument cluster flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt.
INFOTAINMENT AT YOUR FINGERTIPS.

Nitro not only has the most available tech-friendly features in its class,* it boasts the available class*-exclusive MyGIG™ Multimedia Infotainment System† with SIRIUS™ Satellite Radio and GPS navigation system‡. SIRIUS Satellite Radio delivers 100% commercial-free music, sports, news, talk, entertainment, traffic and weather. MyGIG also supplies a USB 2.0 port for downloading and storing up to 1600 songs and digital photos, voice-activated commands for navigation, audio, and mobile phone functions, and more.

1. **A TOUCH SCREEN LCD MONITOR** with full colour enhanced graphics lets you move seamlessly through MyGIG functions.

2. **THE AVAILABLE UCONNECT™ HANDS-FREE COMMUNICATION SYSTEM††** helps you keep in touch when you’re on the road.

3. **THE INTEGRATED MUSIC JUKEBOX SCREEN** gives you the capability to rip and store music to MyGIG via CDs or USB, a Voice Memo Recorder, support for Gracenote Music File Management and more.

4. **SELECT AN.UPLOADED PHOTO** to become your customized screen saver.

5. **AN AUXILIARY AUDIO INPUT JACK** for external MP3 portable devices is standard on every Nitro. There’s also the available ∞ Infinity™ Premium Sound System with eight speakers, a subwoofer and a 368-watt DSP amplifier with either AM/FM stereo and six-disc CD changer or MyGIG.†

6. **THE AVAILABLE REAR DVD VIDEO ENTERTAINMENT SYSTEM™** is class*-exclusive and comes with two wireless headphones and RCA jacks for gaming devices.

7. **THE REMOTE START SYSTEM†** lets you access your high-tech playground from up to 91 metres (300 feet away).

Tune in at dodge.ca or call 1-800-361-3700.

*Based on Automotive News classification. †Late availability. ‡Navigation system operates only in certain metropolitan areas. See your retailer for details. ††Must use Bluetooth™ compatible mobile phone.
Loaded before you load it. Dodge Nitro SLT in Light Khaki Metallic with 17-inch cast aluminum wheels, body colour bodyside mouldings, LOAD 'N GO™ slide-out rear cargo floor and Sunroof Air Deflector, an Authentic Dodge Accessory by Mopar®.
CURBSIDE SERVICE.

Nitro has the most available rear cargo floor combinations in its class. Nitro’s available class-exclusive LOAD ‘N GO™ is like an extra pair of outstretched hands. LOAD ‘N GO (standard on SLT and R/T) slides out 457 millimetres (18 inches) to make loading heavy or awkward items easier—not to mention it helps keep your clothes clean if the bumper is dirty. With a 181-kilogram (400-pound) capacity and six cargo tie downs, you know it will take what you dish out. Or, use LOAD ‘N GO as a tailgating bench seat before the big event. With loading and unloading made this easy, the only thing you need to worry about is lifting with your knees. Load up on info at dodge.ca or call 1-800-361-3700.

*Based on Automotive News classification. Properly secure all cargo.
Kick back, relax and let one of your four passengers go for the joe. After all, you’re letting them ride in the new Dodge Nitro SLT, shown here in Bright Silver Metallic with available power sunroof.
URBAN SPRAWL EVERYONE CAN AGREE ON.

Anything worth doing is more fun when the whole gang comes along. Nitro easily accommodates both guests and gear. It starts with spacious seating for five and an available six-way power driver’s seat. All seats including rear seats recline – a class*-exclusive feature. Stash stuff in Nitro SE and SXT’s reversible and removable cargo floor with moulded trays or the front centre floor console with upper and lower storage trays. Class*-exclusive standard fold-down front passenger and rear 65/35-split folding seats provide flexible cargo options for the right combination of seating and storage. Get the details at dodge.ca or call 1-800-361-3700.

*Based on Automotive News classification. Properly secure all cargo.
Get in the game with Nitro SE shown in Black with Authentic Dodge Accessories by Mopar®, including Black Tubular Side Steps, Moulded Splash Guards, Roof Top Cargo Basket and Cargo Net.
TACKLE TAILGATING LIKE AN ALL-STAR.

The Nitro lineup begins with connectivity. There are two standard 12-volt outlets – one on the instrument panel, the other in the rear cargo area. Use the class*-exclusive standard 115-volt two-prong power outlet for pre- and post-event essentials like a mini fridge or hot plate, keep up with your fantasy team by plugging in your laptop, or bring the action and plug in your video game system. Scout it out at dodge.ca or call 1-800-361-3700.

*Based on Automotive News classification. Properly secure all cargo.
Nitro SE cruising in Bright Silver Metallic with Authentic Dodge Accessories by Mopar®, including Moulded Running Boards and Roof Mount Ski & Snowboard Carrier. The new active three-blink signal allows drivers to tap the turn signal to alert other drivers of their intentions.
NITRO’S GOT YOUR BACK.

Underneath the slick colours and chiseled steel are systems and technologies that are ready to react if duty calls.

1. NITRO’S ANTI-LOCK BRAKE SYSTEM (ABS) helps prevent wheel lockup for improved steering under extreme braking or slippery conditions.

2. MULTISTAGE DRIVER AND FRONT PASSENGER AIR BAGS* with OCS** and side-curtain air bags* with roll sensing technology are standard on all Nitro models.

3. THE STANDARD ELECTRONIC STABILITY PROGRAM (ESP™); which includes all speed traction control, Brake Assist and Electronic Roll Mitigation, aids drivers in maintaining control of their vehicle during extreme steering manoeuvres. ESP works to correct the vehicle’s course by automatically controlling the throttle and applying the brakes at individual wheels. All speed traction control reduces engine power, applies the brakes to spinning wheels and transfers torque to the appropriate wheel when slippage is detected. Brake Assist ensures brake efficiency during emergency brake situations. Electronic Roll Mitigation senses when a rollover may occur and applies braking force to the correct wheel to reduce the likelihood of such an event.

4. THE TIRE PRESSURE MONITORING DISPLAY helps keep an eye on safe and proper tire pressure. An alert comes through the Electronic Vehicle Information Centre or a warning lamp (on SE and SXT models) when low tire pressure is detected. Go to dodge.ca or call 1-800-361-3700 for the lowdown on the high-tech.

*Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned, dependent on the child’s age and weight. **The passenger occupant classification system (OCS) determines the conditions for activation or deactivation of the passenger side front air bag based on the weight of the occupant. It may not activate the passenger air bag if the occupant has improper seating posture or is moving in the seat. Always observe the passenger air bag indicator light to determine if the OCS is deciding properly. Passengers should sit properly in the seat with the seat belt fastened at all times.

†No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the instrument cluster flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt.
### NITRO SPECIFICATIONS

#### NITRO SE
- 3.7L Magnum® V6 with 6-speed manual transmission or available 4-speed automatic transmission
- Part-time four-wheel drive transfer case
- Air conditioning
- Power door locks/windows
- Exterior mirrors
- 115-volt auxiliary and 12-volt front and rear power outlets
- Remote keyless entry
- Cloth-faced seats
- 65/35-split folding reclining rear seats
- Fold-down front passenger and rear seats
- AM/FM stereo radio with CD player and MP3 capability and 6 speakers
- Tilt steering column
- Reversible/removable rear cargo floor with shallow tray underneath for additional storage
- Advanced multistage front air bags
- Side-curtain air bags
- Child Seat Anchor System (LATCH)
- Sentry Key™ Engine Immobilizer
- Tire pressure warning lamp
- Rear window defroster
- Deep Grey front and rear fascias/fender flares/bodyside mouldings
- Bright grille
- 16-inch steel wheels with sport suspension
- Four-wheel disc brakes with four-wheel anti-lock (ABS)
- Electronic Stability Program (ESP™)

#### NITRO SXT
- 3.7L Magnum V6 with 6-speed manual transmission or available 4-speed automatic transmission
- Overhead console with courtesy lamps
- HomeLink® Universal Transceiver
- Floor mats
- Speed control
- Fog lamps
- Deep tint sunscreen side and rear glass
- 16-inch cast aluminum wheels with sport suspension

#### NITRO SLT
- 3.7L Magnum V6 with 4-speed automatic transmission
- Full-time four-wheel drive transfer case
- Electronic Vehicle Information Centre (EVIC)
- Auto-dimming rear-view mirror
- LOAD ‘N GO™ slide-out rear cargo floor
- Two-tone cloth-faced seats with YES Essentials™ seat fabric
- 6-way power driver’s seat
- Leather wrapped steering wheel with integrated audio controls
- Tire pressure monitoring display
- Body colour front and rear fascias/fender flares/bodyside mouldings
- Heated power exterior mirrors
- 17-inch cast aluminum wheels with sport suspension

#### NITRO R/T
- 4.0L SOHC V6 with 5-speed automatic transmission
- Full-time four-wheel drive transfer case
- Two-tone Slate Grey cloth-faced seats
- R/T logo on front seats
- Monochromatic exterior (body colour front and rear fascias/fender flares/bodyside mouldings, sill, air dam, and grille with bright billets)
- 20-inch chrome-clad cast aluminum wheels with aggressively tuned performance suspension

---

**A. All Nitro SE models include these features:**
- 3.7L Magnum® V6 with 6-speed manual transmission or available 4-speed automatic transmission
- Part-time four-wheel drive transfer case
- Air conditioning
- Power door locks/windows
- Exterior mirrors
- 115-volt auxiliary and 12-volt front and rear power outlets

THE AUTHENTIC DIFFERENCE.

Authentic Dodge Accessories by Mopar® are engineered, right from the start, as an original and integral part of your Nitro. Choose them for the differences you can see, such as their integrated design, precise fit and colour matching. And choose them for the differences you can’t see, such as testing, warranty* coverage and overall ruggedness. The result? A superior standard of detail and quality — a difference you can’t find anywhere else in the aftermarket. *See your retailer for full details and a copy of this limited warranty.

LIGHT IT UP.

With the CHROME ACCENT PACKAGE, you can equip your Nitro with stylish accents that will turn heads — in a flash. A) CHROME FASCIA ACCENT. Adds an aggressive bright chrome stance to the front of your Nitro for style to burn. B) CHROME FUEL FILLER DOOR. This one-piece design replaces existing fuel door and brightly complements any body colour. C) CHROME TUBULAR SIDE STEPS feature corrosion-resistant aluminum construction for great looks and skid-resistant surfaces for good traction. Steps feature Dodge logo and mount without drilling. Also shown with CHROME FRONT AIR DEFLECTOR.
LIVE ON THE EDGE.

When you need bold styling that doesn’t back down, Authentic Dodge Accessories are right in their element. D) FRONT AIR DEFLECTOR. Say yes to substantial style and no to road spray, dirt and other debris scratching and damaging the hood of your new Nitro with this popular accessory, shown in Smoke (also available in Chrome). E) BLACK TUBULAR SIDE STEPS. Get tubular with these four-inch oval Black powder-coated steps, complete with textured stepping surfaces. Steps mount securely without drilling and feature the Dodge name. F) MOULDED SPLASH GUARDS. Back in Black. Our Moulded Splash Guards provide excellent protection for your Nitro’s rear fascia and are constructed of composite materials to be strong and flexible.
AUTHENTIC DODGE ACCESSORIES BY MOPAR

A. FOG LIGHTS. Undercut inclement weather and minimize glare. Lights are integrated into the fascia openings and feature production lights and switch. CHROME FRONT AIR DEFLECTOR. Deflect road spray, dirt and bugs up and away from your Nitro’s hood and windshield with this easily installed accessory.

B. FRONT END MASK. We’ve got you covered when it comes to protecting the front of your Nitro from damage caused by road spray, insects and road debris. Front End Mask’s two-piece construction design allows unrestricted access to hood and includes licence plate opening.

C. SIDE WINDOW AIR DEFLECTORS. Let you partially open the windows yet remain dry during inclement weather. Constructed of tinted acrylic with Dodge logo. Set of four. SUNROOF AIR DEFLECTOR. Cutting out wind noise is a breeze with this acrylic, tinted air deflector, designed to follow the contours of your roof to reduce noise and turbulence when your vehicle is moving.

D. DOOR SILL GUARDS. Brighten up your doors with some stylish protection. Guards protect your door sills and are available in stainless steel with embossed Nitro logo. Set of four front and rear.

E. ROOF TOP CARGO BASKET. You’ll have the “right stuff” with this cargo basket that features high sides to help secure your cargo and a front air deflector complete with the Dodge logo. Basket mounts to Sport Utility Bars. CARGO BASKET LIGHTS mount directly to Cargo Basket and provide extra illumination when the going gets rough. ROOF BASKET CARGO NET (sold separately) secures to the roof basket for added security.

F. ROOF MOUNT SIX-PAIR SKI AND SNOWBOARD CARRIER. With this convenient carrier, it’s never an uphill battle. Carrier holds up to six pairs of skis or four snowboards, or a combination of the two. Features corrosion-resistant lock covers and either-side opening for easy loading and unloading. Mounts to Sport Utility Bars. SPORT UTILITY BARS. Built of heavy-duty silver anodized aluminum, these beefy bars attach to the Production Roof Side Rails and accommodate all our carrier accessories.

G. ROOF BOX CARGO CARRIER. Now you can increase the cargo capacity of your Nitro to keep up with your active lifestyle with this tough, locking thermoplastic carrier that attaches to the Sport Utility Bars.

H. ROOF MOUNT BIKE CARRIERS. Let’s roll. Bike Carriers feature extra-large rubber inserts to help protect bike surfaces. FORK MOUNT style carries one bike securely by the front fork and rear wheel. The UPRIGHT style carries one bike locked by the frame with both wheels secured. Designed for use with Sport Utility Bars.

I. HITCH MOUNT FOLD-DOWN BIKE CARRIERS. These convenient carriers come in Two-Bike (fits 2-inch and 1⅜-inch receiver) and Four-Bike (fits 2-inch receiver) styles that fold down to allow for your vehicle’s liftgate to open without having to remove bikes from the carrier. Both styles feature carry clamps with rubber inserts, a cable to lock bikes to carrier and an antitheft bolt that locks the carrier to your vehicle.

J. ROCK RAILS. Corrosion-resistant, stylish chrome rails feature a full-length integrated rub bar for greater bodyside protection and are mounted so they don’t reduce ground clearance.

K. MOULDED RUNNING BOARDS. For a step up in stylish convenience, our Moulded Running Boards are constructed of heavy-gauge steel for safe and easy entry and exit, and feature a Black moulded-grain plastic outer cover for the finishing touch.

L. HITCH RECEIVER. Your Nitro will really haul when it’s equipped with this Hitch Receiver that features a 2-inch opening with a towing capacity of up to 1588 kg (3500 lb) with weight-distributing equipment. MOULDED SPLASH GUARDS. Help protect the rear fascia of your vehicle from damage caused by gravel, salt and road debris, while adding some straight-on good looks. REAR AIR DEFLECTOR. Low-profile design looks good and helps keep the rear window clear by directing a stream of air across it while vehicle is moving.

M. INTERIOR ACCESSORY KIT. When it’s high time for a high-tech look. Kit includes Carbon Fibre style trim for both driver and passenger side front and rear armrests and the centre stack surrounding your instrument panel. Additional colour is available in Sunburst Orange, Electric Blue, Inferno Red (shown) and Light Dakota.

N. ROADSIDE SAFETY KIT. The 911 kit for your vehicle. Bag contains reflector, flashlight, fire extinguisher, emergency tape, multipurpose knife, water, jumper cables, necessary tools and more. PREMIUM CARGO MAT. Our premium mat is constructed of a durable and plush 24-oz nylon carpet to look good while protecting the cargo area from wear, soil and stains. Bottom of mat is made of rubber to help keep mat in place and for easy removal and cleaning.

O. PREMIUM CARPET FLOOR MATS. Thick enough that you’ll want to go barefoot. Durable enough to take a pounding from the elements. And colour matched to your vehicle’s interior for a strong, integrated appearance.

P. SLUSH MATS. It’s all groovy with these custom-fit mats that feature deep grooves to help prevent water, snow and mud from doing a number on your Nitro’s carpet. Available for front and rear.

ADDITIONAL AUTHENTIC DODGE ACCESSORIES: Canoe Carrier, Engine Block Heater, Hitch Locks, Hood Cover, Locking Gas Cap, Premium Vehicle-Care Products, Roof Top Cargo Carrier, Smoker’s Kit, Vehicle Cover, Watersports Carrier, Wheel Locks, Tailgate Tent.

†Properly secure all cargo. ‡Check Owner’s Manual for hitch type, load capacity and heavy-duty equipment required. Do not exceed rated tow capacity of the vehicle as equipped. Towing may require some items not supplied by DaimlerChrysler.
A. DVD REAR SEAT VIDEO.™  No lines and no waiting with this compact DVD player that plays your favorite videos, MP3s and CDs as well as popular video games. The hinged seven-inch LCD screen folds down and provides a full view for the second row passengers. Wireless headphones and remote are also included.

B. PARKSENSE™ REAR PARK ASSIST SYSTEM.™  This advanced system utilizes advanced ultrasonic technology to assist you when slowly backing up your vehicle during parking manoeuvres. Four rear fascia mounted sensors emit ultrasonic sound waves to a distance of six feet. Three different warning tones and a visual alert help identify your vehicle’s distance to an object. The interior warning indicator display progressively changes illumination from green to red as you get closer to an object.

C. REMOTE START. hit the ground running with the ability to start your Nitro from up to 800 feet away. This remote start system was designed to operate seamlessly with your vehicle’s electronic system. A two-way remote start system is also available.

D. NAVUS™ DASH MOUNTED NAVIGATION SYSTEM. Add advanced and affordable GPS navigation. Features include touch screen controls, complete map and point of interest data for all of North America, turn-by-turn directional prompts, trip information, automatic rerouting, voice instruction (3 languages) and much more.

E. iPod® INTERFACE MODULE. An FM-bounded system that allows you to play your iPod music files through your vehicle’s sound system and maintain your music selection through your iPod control button.

F. UCONNECT™ HANDS-FREE COMMUNICATION.™  An exclusive voice-activated, in-vehicle communication system that allows you to dial a wireless phone through simple voice commands. In addition, UConnect mutes your radio before receiving or sending a call, allows you to store up to 32 names (four numbers per name) in the system’s address book, and is flexible enough for an entire family (up to five phones can be linked to the system). UConnect includes Bluetooth™ technology that enables a wireless phone to connect to your vehicle without wires or a docking station. This leading-edge technology will allow you to store a wireless phone anywhere within the vehicle. UConnect is simple to use—all you need is a Bluetooth Hands-Free Profile wireless phone from any wireless carrier.

G. REAR-VIEW CAMERA.* Gain some added insight before backing up. Putting your vehicle in Reverse activates the small, wide-angle camera located in the rear fascia. Gain some added insight before backing up. Putting your vehicle in Reverse activates the small, wide-angle camera located in the rear fascia.

H. NAVIGATION/MEDIA RADIO (RER). Get the best in directions and diversions with this combination DVD navigation/stereo system. The system features an AM/FM single-disc DVD player that plays CDs, DVDs, MP3s and WMA audio. The system also utilizes GPS technology and comes pre-loaded with map data on the 3.7-inch wide disc drive that’s displayed on a 6.5-inch flip-out integrated touch screen. Real-time traffic reports are also provided. More features include: integrated SIRIUS™ Satellite Radio receiver, integrated UConnect compatibility, USB port and integrated audio jack.

I. REG RADIO. This premium radio features 66 watts of power plus an AM/FM radio with six-disc CD changer, MP3 and WMA compatibility, mini stereo audio input jack and two-line dot matrix UFD screen. All of our radios are designed to work perfectly with your vehicle’s electronic system and integrate seamlessly with your dash.

EVS™ (ELECTRONIC VEHICLE SECURITY). Get a lock on safety. EVS is designed to work with your factory-provided keyless entry and provides perimeter and interior protection with horn-honk alarm, starter interrupt and dash mounted LED. (Not shown.)

*Intended to provide assistance to the driver. Always exercise appropriate care while reversing. You can retain your current wireless carrier and wireless phone number (and one bill) as long as your wireless phone employs Bluetooth Hands-Free Profile version 1.0 or higher.
