VISION

Introducing the all new Jeep® Compass. Welcome to an entirely new direction of Jeep-enabled self-expression. Compass follows a path that was first forged by the Willys MB during WWII and stretches from the deepest woods to the most crowded highways today. The latest development of legendary capabilities takes the four-wheel drive Compass to impressive heights, while brilliant technology enables the two-wheel drive Compass to cover far-reaching distances – thanks to a stunning 7.2L/100 km highway rating.* That's close to 40 mpg! Whether you put its genius to practice on the muddy lanes of rutted back roads or the cab-laden confines of midtown traffic, Compass has what it takes to take you to a whole new territory. *Energizer city/highway ratings of 9.0/7.2L/100 km (31/39 mpg) for manual 4x2 model.

JEEP® COMPASS LIMITED SHOWN IN BRIGHT SILVER METALLIC

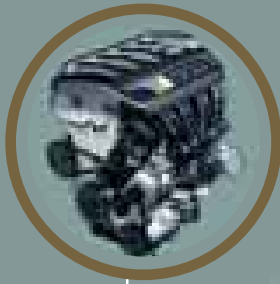

THE REAL DEAL | Compass is writing new chapters in the book of Jeep® Brand capability. Available Freedom-Drive I™ four-wheel drive system with rear-axle electronic activation (upper left) delivers brilliant balance and an ultra-high-strength steel cross-car beam (lower right) fortifies the backbone of this very high-tech Jeep vehicle.

At the heart of the available Freedom-Drive I™ four-wheel drive (4WD) system are an electronic centre coupling and a brake traction control system that automatically transfer torque to any wheel that can use it.

An illuminated symbol built into the standard tachometer lets you know when the Lock mode of the available 4WD system is doing its stuff.

The available Auto/Stick™ Automatic Continuously Variable Transaxle (CVT2) features a +/- gate for manual shifting between six discrete ratios. You get all the convenience of an automatic with the control of a manual.

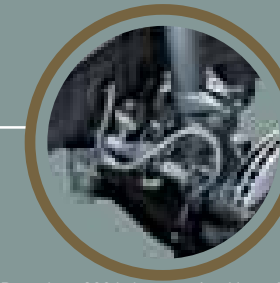

2.4L dual VVT World Engine: This electronically controlled Variable Valve Timing (VVT) engine delivers BEST-IN-CLASS four-cylinder horsepower (172 hp)^[1] and the best 4x4 highway mpg of anyone in its class^[2]

Yes, it's a Jeep® vehicle.
This is a seven-slot grille.

Available CVT2 automatic transaxle: A steel belt and active pulleys create the optimal gear ratio for maximum efficiency and the lowest impact on your hot latte. EnerGuide city/highway ratings of 9.0/7.2L/100 km [31/39 mpg] for Compass 4x2 with 2.4L and 5-speed manual or 9.7/8.0L/100 km [29/35 mpg] for Compass 4x2 with 2.4L and CVT2 automatic.

Front-wheel drive is a first for any Jeep vehicle. Of course, Compass is also available with four-wheel drive, which is definitely not a first for a Jeep vehicle.

An available Tire Pressure Monitoring System transmits data from long-life battery-powered transmitters in each valve stem to a monitoring display.

^[1]Based on 2006 *Automotive News* Entry-Level Compact Utility Vehicle (CUV) segment. ^[2]Based on 2006 EnerGuide fuel consumption ratings for 4x4 models listed in the *Automotive News* Entry-Level CUV segment.

It comes from a big and loud family.

The Compass sound system was designed from scratch to not only integrate with the latest audio technologies, but to use abundant muscle in the audio department to actually project the music in a whole new way. Add it all up, and this is like no Jeep® vehicle you've ever heard.

[A] Go for the liftgate speakers. The optional 458-watt Boston Acoustics® premium 6-speaker sound system also features a subwoofer and a pair of uniquely mounted speakers for a total of 9 sound-drivers. When the rear liftgate is open, the dual speaker unit can swing down to project music for all the surrounding outside world to hear.

[B] The standard radio features an auxiliary audio input jack integrated into the faceplate – perfect for MP3 player connectivity. The factory radio has been designed to allow for available SIRIUS™ Satellite Radio. SIRIUS delivers multiple channels, including music, sports, news, talk, entertainment and more⁽¹⁾.

[C] The Compass centre console features a sliding storage armrest with a rubber-lined pocket that flips forward to cradle an MP3 player or a mobile phone.⁽²⁾ With Compass, you can head way out with your hour-upon-hour music collection loaded way in.

[D] The available dual-purpose, self-recharging, removable rear LED cargo lamp/flashlight allows you to project your light source wherever you may go.

[E] Available 115-volt centre console outlet energizes your electronic arsenal even when on the run.

⁽¹⁾Late availability. ⁽²⁾Do not operate while vehicle is in motion. MP3 player not included.

Four words for the four-cylinder world: Best-in-class power.⁽¹⁾ Nothing in Compass's class can touch its standard horsepower output: 172 hp. This 2.4L DOHC pit bull puts out nearly six cylinders worth of horsepower from its aluminum four-cylinder block. The Compass dual Variable Valve Timing (VVT) engine management computer constantly adjusts timing for maximum output and efficiency. What this translates to is power when you need it and outstanding fuel economy when your taking it easy, whether with the 5-speed manual or the super efficient CVT2 Continuously Variable automatic.

Even the engines were built to take on the world. What do you get from two engines created by the Global Engine Manufacturing Alliance? In the case of Compass, the first Jeep® vehicle to feature power plants from the state-of-the-art facility, you get 172 BEST-IN-CLASS horsepower⁽¹⁾ and fuel consumption ratings.⁽²⁾ The transversely mounted technological masterpieces employ dual overhead cams (DOHC) and Variable Valve Timing (VVT) on both the intake and exhaust camshafts. The electronically controlled timing is continuously adjusted to provide either maximum power or optimal fuel efficiency⁽²⁾ – depending upon the demands of that instant .

For exceptional fuel economy with automatic transmission, a 158 hp 2.0L four-cylinder World Engine with CVT2 transmission⁽³⁾ is available on Sport and North. All Compass models are offered with the standard 172 hp 2.4L World Engine, either with a 5-speed manual transmission or the optional CVT2 automatic.

⁽¹⁾For 2.4L models versus 2006 *Automotive News* Entry-Level CUV segment vehicle four-cylinder engines. ⁽²⁾Based on 2006 EnerGuide fuel consumption ratings for 4x4 models listed in the *Automotive News* Entry-Level CUV Segment. ⁽³⁾Late availability.

JEEP COMPASS LIMITED SHOWN IN INFERNO RED CRYSTAL PEARL WITH OPTIONAL SUNROOF

Bring it all on. It does not require acres of boulders to demonstrate the prowess of its finely tuned drivetrain. It merely requires driving. Leave it to Compass to take a different approach. Available Freedom-Drive I™ active full-time four-wheel drive (4WD) system features an Electromagnetic Controlled Coupling (ECC), which constantly monitors wheel slippage and transfers torque to the axle that can use it most. During high-traction driving like on the highway, the system transfers virtually no torque to the rear axle for improved fuel economy.

Designed around a four-wheel independent suspension, with MacPherson struts up front and a multilink system in the rear, its sure-footed agility is mated to a drivetrain that's ready to provide optimum traction when the going gets slippery. Armed with available intelligent systems like Freedom-Drive I and a Continuously Variable Transaxle (CVT2), Compass was engineered to transmit a constant stream of power with a uniquely smooth and quiet operation at highway speeds and remarkable fuel efficiency during stop-and-go city driving.

Four-wheel drive Compass models feature 4WD LOCK – for extreme four-wheel drive power. Activated by lifting the chromed T-bar handle, the system locks the electronic coupling at low speeds. The coupling electronically modulates when turning on a dry road in 4WD LOCK to prevent unwanted noise.

CAPABILITY | Available Freedom-Drive I with Locking Centre Coupling | Over 8 inches of Ground Clearance | Available All-Terrain Tires | Available Continuously Variable Transaxle (CVT2) | High-Mounted Fuel and Brake Line Bundles for Extra Protection

A new standard of standard safety and security.

From advanced Jeep® vehicle systems like standard side-curtain air bags⁽¹⁾ with an extended deployment time to technological masterpieces like an Electronic Stability Program (ESP™)⁽²⁾ that assists a driver in maintaining an intended course using throttle control and applying selective braking to the appropriate wheel, Compass is loaded with brilliant safety and security advancements as standard equipment. Brake Assist applies maximum hydraulic pressure when a panic braking situation is detected. Traction control helps manage power to the wheels and get the most out of available traction. The ABS system features a special 4WD calibration on four-wheel drive models to compensate for slippery surfaces. This level of standard safety and security is anything but standard.

Jeep® Compass Limited shown in Bright Silver Metallic

Jeep Compass standard advanced multistage front air bags⁽¹⁾ and standard side-curtain air bags.⁽¹⁾

⁽¹⁾Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned, dependent on the child's age and weight. ⁽²⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the instrument cluster flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt.

SAFETY & SECURITY | Standard Advanced Multistage Front Air Bags and Side-Curtain Air Bags | Available Tire Pressure Monitoring (TPM) Alerts Driver to Low Pressure via the Instrument Cluster | Standard ABS | Standard ESP | Standard Traction Control

The badge is Limited. The appeal is not. From an interior that features leather-faced seats and a leather wrapped steering wheel with audio controls, to a front bumper trimmed with silver accents, Compass Limited sets itself apart. Standard features like performance-tuned steering, speed control, bodyside mouldings with bright inserts, "Limited" badging on the liftgate and 18-inch aluminum wheels with performance tires add spirit and sparkle to every adventure.

- Its styling cuts through the
- crowd with 18-inch aluminum
- wheels housed beneath
- trapezoidal arches. Its prime-
- time attitude is amplified by
- Silver fascia overlays and
- bodyside mouldings. One look
- at Compass Limited and you
- will know that it is unlike
- any other.

COMPASS LIMITED | Silver Lower Bodyside Mouldings | 18-inch Aluminum Wheels | Unique Front/Rear Bumper Appliqué | Power Locks, Windows and Mirrors | Remote Keyless/Illuminated Entry | Deeply Integrated Fog Lamps | Speed Control | Performance-Tuned Steering

JEEP® COMPASS LIMITED LEATHER-FACED SEATING SHOWN IN DARK SLATE GREY WITH PASTEL SLATE GREY INSERTS

This is nothing short of one-stop shopping. The leather-faced, heated front bucket seats – with driver’s manual lumbar and height adjusters – are standard. The leather wrapped steering wheel with integrated audio controls is standard. Built upon the already smartly appointed and ingeniously equipped Compass North, Limited infuses additional comfort and style into the package. A power sunroof is available. Every factory radio has been designed to accommodate available SIRIUS™ Satellite Radio⁽¹⁾ with a complimentary one year subscription. SIRIUS™ delivers a multitude of channels, covering music, sports, news, talk, entertainment and more. When it’s all said and done, the interior of Compass Limited all but sets the standard. ⁽¹⁾Late availability.

COMPASS LIMITED INTERIOR | Speed Control | 115-Volt Household Outlet | Removable and Rechargeable LED Flashlight | Leather-faced Seats and Wrapped Steering Wheel | Heated Front Seats | Steering Wheel Mounted Audio Controls

Armed with technology and uniquely urban capabilities, Compass Sport and North were drafted to deliver. Their 2.4L dual VVT World Engine puts out 172 hp while carefully rationing fuel. Both the standard 5-speed manual transmission (with 2.4L engine) and the available automatic Continuously Variable Transaxle (with 2.0L⁽¹⁾ or 2.4L engine) were designed to contribute both efficiency and performance. Whether equipped with two-wheel drive or decked in an available Freedom-Drive I™ active full-time four-wheel drive system with 4WD LOCK feature, Compass is ready, willing and very able to handle any adventure you have in mind.

The tougher the terrain gets, the more you'll appreciate the authentic Jeep engineering that's riding along with you. A standard Electronic Stability Program (ESP™)⁽²⁾ with Brake Assist, four-wheel ABS and traction control provide exceptional poise on everything from back road trails to the freeway. Standard safety and security features, such as side-curtain air bags⁽³⁾, abound in Compass. There is no doubt that Compass is ready for action.

This vehicle sports some utility. Every Compass features UltraFloor™, a washable/removable vinyl load floor with 113 kg [250 lb] load capacity. The load capacity continues above the Compass, as every model features roof rack side rails as standard equipment. A myriad of available purpose-designed crossrails can be mated to the rack. Properly secure all cargo.

⁽¹⁾Late availability. ⁽²⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESP warning lamp in the instrument cluster flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Please always wear your seat belt. ⁽³⁾Always use seat belts. Children 12 and under should always be in a back seat correctly using an infant or child restraint system, or the seat belt properly positioned, dependent on the child's age and weight.

COMPASS SPORT | 2.0L and 2.4L Dual VVT | ESP | ABS | Traction Control | Side-Curtain Air Bags | MP3 Capability | Flip-Fold and Sliding Armrest Centre Console | 60/40-split folding Rear Seats | 16-inch Aluminum Wheels | Fog Lamps

JEEP® COMPASS SPORT SHOWN IN JEEP GREEN METALLIC, EQUIPPED WITH ROOF MOUNT BIKE CARRIER AND REMOVABLE ROOF RACK, AUTHENTIC JEEP ACCESSORIES BY MOPAR.®

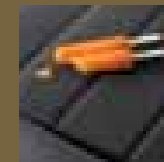

JEEP® COMPASS SPORT STANDARD CLOTH-FACED SEATING SHOWN IN PASTEL PEBBLE BEIGE
Properly secure all cargo.

Carefully planned to deliver spontaneous function. Because sometimes the best adventures “just happen,” the Compass interior was designed to offer the rarest combination of versatility and accommodation. Whether it be five passengers, each of which can benefit from an available ability to recline, or three people making the most of the 60/40-split folding rear seat, or a lone driver surrounded by nothing but cargo and the available flat-folded storage space that accommodates it, Compass can hold whatever it’s dealt. The cargo carrying capabilities are further diversified and fortified with UltraFloor™, a washable/removable vinyl load floor with 113 kg (250 lb) load capacity to protect the flat load floor.

Properly secure all cargo.

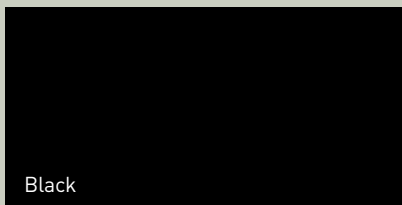

Available YES Essentials™* stain resistant, odour resistant, anti-static seat fabric allows a Compass interior to take almost anything you throw at it

– literally. The fabric, which features an antimicrobial and anti-static technology that is woven into the material itself, is exclusive to DaimlerChrysler vehicles.

*Not compatible with aftermarket fabric protecting coatings.

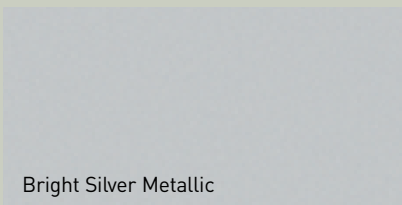

COMPASS NORTH | In addition to the standard equipment on Compass Sport, Compass North adds: Driver's Seat Height Adjuster | Fold-Forward Front Passenger Seatback | Reclining Rear Seatbacks | Air Conditioning | Power Windows, Locks and Mirrors | Remote Keyless Entry | 115-Volt Outlet | Front Reading Lights | Removable and Rechargeable Cargo Area LED Flashlight | Passenger Assist Handles | Deep Tint Sunscreen Glass | Body Colour Liftgate Appliqué

Engine	2.0L DOHC 16V dual VVT I-4 ⁽¹⁾ /2.4L DOHC 16V dual VVT I-4
Displacement (cu. in./cc)	122/1998 144/2360
Power (SAE net – kW [hp] @ rpm)	117 (158) @ 6400 / 128 (172) @ 6000
Torque (SAE net N-m [lb-ft] @ rpm)	191 (141) @ 5000 / 223 (165) @ 4400
Fuel System	Sequential multiport, electronic fuel injection
Fuel Recommendation	Unleaded regular, 87 octane (R+M)/2
Transmission/Transaxle	5-speed manual with overdrive, ratio range (:1) 3.77 - 0.81 (1st - 5th) overall top gear ratio: 3.34 (2.4L: engine only) Std. Continuously variable [CVT2] with 30-mm high-strength multilayer steel drive belt, ratio range (:1), 2.35 - 0.39; overall top gear ratio: 2.41 (2.0L and 2.4L engines) Opt.

Construction

High-pressure die-cast aluminum block with dry iron liners, cast aluminum cylinder head, forged crankshaft, dual counter-rotating balance shafts

Electronic Throttle Control Std.

Intake Design

Tuned intake manifold with Electronic Active Charge Motion Control valves, 4 valves per cylinder, electronically controlled, dual Variable Valve Timing

Exhaust System

Oversized displacement muffler for reduced back pressure and noise, long-life design

Drive Systems

Front-wheel drive [4x2] transaxle with constant velocity joints and equal-length half shafts Std.
Freedom-Drive™ active; full-time four-wheel drive [4x4] with selectable LOCK Opt.

ELECTRICAL SYSTEM

Alternator	120A
Battery	525 CCA, maintenance free

BODY/SUSPENSION/CHASSIS**Body Design**

Unitized steel construction with a structural safety cage utilizing advanced hot-stamped, tailor-rolled, dual-phase steel technologies and advanced joint design for added strength, reduced weight and improved NVH

Touring-Tuned Suspension

Front: Independent with MacPherson struts, coil springs over gas-charged shocks and stabilizer bar
Rear: Independent multilink with coil springs, gas-charged shocks and link-type stabilizer bar

Steering Power assisted, rack and pinion

Overall Ratio 16.4:1

Turning Diameter (curb-to-curb) (ft), Compass Sport and North/Compass Limited 10.8 (35.6)/11.3 (37.2)

Turns (lock-to-lock) 2.9

Brake System

4-wheel disc hydraulic, power assisted, 11.5" vented front/10.3" solid rear Std.

Electronic Stability Program (ESP™)⁽²⁾

Four-channel, four-wheel anti-lock with active wheel speed, vehicle speed, steering wheel angle, yaw rate and lateral acceleration sensors; vehicle stability management with two-stage activation switch, all speed traction control, Brake Assist, Electronic Roll Mitigation and Electronic Brake Distribution Std.

Parking Brake Type Drum-in-hat

The Authentic Difference: a Jeep® original, by design. Start with something as individual as a Jeep vehicle. Then add Authentic Jeep Accessories by Mopar®, designed and engineered to meet the strict standards expected from the official parts and accessories division of DaimlerChrysler Motors Company LLC. That's the Authentic Difference – a difference you can't find anywhere else in the aftermarket. Whether you're looking to equip your Compass with premium protection, convenience, style or entertainment, the possibilities are boundless with Authentic Jeep Accessories by Mopar.

[A] DVD Rear Seat Video™ | No lines and no waiting with this integrated, single-disc CD/DVD featuring a 7-inch-wide LCD screen, wireless headphones and remote.

[B] REC Radio | AM/FM stereo with navigation system and six-disc CD/MP3 player.

[C] Premium Radios | Our radios feature 66 watts of power, generous AM/FM presets. Selections include:

RAQ. AM/FM stereo with six-disc CD player, MP3 and hands-free compatibility.^[1]

RAK. AM/FM stereo with cassette, six-disc CD player, MP3 and WMA compatibility.

[D] Remote Start | Hit the ground running with the ability to start your Compass from up to 800 feet away. This remote start system was designed to operate seamlessly with your vehicle's electronic system. Two-way remote also available.

[E] Navus™ Dash Mounted Navigation System^[2] | Adds premium GPS technology to your vehicle. Some of the features include: touch screen controls, complete map and points of interest data for all of North America, turn-by-turn directional prompts, trip information, automatic re-routing, voice instructions in three languages and much more.

[F] UConnect™ Hands-Free Communication^[3] | This voice-activated communication system allows you to dial your wireless phone through simple voice commands utilizing a Bluetooth™ Hands-Free Profile wireless phone.

[G] iPod^[4] Interface Module | An FM-bounded system that allows you to maintain your music selection through your iPod control button and play through your vehicle's speakers.

[H] ParkSense™ Rear Park Assist System^[5] | Advanced system uses sound waves and audio-visual indicators to manoeuvre in tight spaces at parking speeds.

^[1]Requires factory-installed UConnect™ System.

^[2]Navigation system operates only in certain metropolitan areas. See your retailer for details. ^[3]Must use Bluetooth™ compatible mobile phone. ^[4]iPod® and the iPod design are registered trademarks of Apple Computer, Inc. ^[5]Always check entire surroundings before backing up.

[A] Front End Cover and Hood Cover | We've got you covered when it comes to protecting the front of your Compass. The two-piece construction design allows unrestricted access to hood. Both available in Black vinyl with foss-backing to help protect your vehicle's finish.

[B] Front Air Deflector | Deflect road spray, dirt and bugs up and away from your Jeep® vehicle's hood and windshield with this easily installed accessory.

[C] Side Window and Sunroof Air Deflectors | Now you can partially open your side windows while remaining dry in even the nastiest of weather and enjoy your sunroof without the air buffeting. Both air deflectors are constructed of tinted acrylic. Side Window Deflectors include set of four.

[D] Roof Mount Bike Carriers | Let's roll. Bike carriers feature extra large rubber inserts to help protect bike surfaces. **Fork Mount** style carries one bike securely by the front fork and rear wheel. The **Upright** style carries one bike locked by the frame with both wheels secured. Designed for use with Sport Utility Bars (also shown on this page).

[E] Roof Mount Ski and Snowboard Carrier | It's never an uphill battle with a carrier that holds up to six pairs of skis or four snowboards or a combination of the two. Carrier features corrosion-resistant lock covers and either side opening for easy loading and unloading and mounts to Sport Utility Bars. **Moulded Splash Guards |** Help protect your Compass from damage caused by gravel, salt and road debris. **Black Tail Lamp Guards |** Make a stylish impact around town while gaining protection for your vehicle's tail lamps. **18-Inch 5-Spoke Chrome Wheel |** Put a new spin on style, with a guaranteed long-lasting shine to polish it off. Premium chrome wheel is machined to match your vehicle's hubs exactly for a true and balanced ride. **Hitch Receiver⁽¹⁾ |** Built for the long haul, this heavy-duty Class I hitch receiver can tow up to 2000 lb. Ball Mount, Hitch Ball and Hitch Plug sold separately.

[F] Premium Carpet Floor Mats | Thick enough that you'll want to go barefoot. Durable enough to take a pounding from the elements and colour matched to your vehicle's interior for a strong, integrated appearance. **Shift Knob |** Add a dose of style to the interior of your Compass.

Bright Pedal Kit | The machined metal adds plenty of bold brightwork to your footwell to enhance your stylish interior. Rubber inserts on pedal provide plenty of contrast and positive traction.

[G] Floor Convenience Net and Vertical Envelope Net⁽²⁾ | These sturdy, black nylon nets are custom designed to fit the cargo area of your Compass. Both nets remove easily when extra storage space is needed and are designed to fasten to tie down loops to help keep loose items secure.

[H] Cargo Tote⁽²⁾ | Organization makes a stand with this handy storage bin that can be divided into four compartments. Tote also collapses for easy storage and includes side handles and bottom corner grips to prevent sliding.

[I] Dog Bed Cargo Area Mat and Convenience Net | Keep Fido comfortable while keeping your cargo area protected from dirt, drool and other messy situations you might encounter. Vertical Convenience Net is also included to help keep your pet from entering the rear seat and passenger area. Mat removes easily for cleaning.

[J] Water-Resistant Seat Covers | Black "wetsuit" material helps keep dirt and moisture off your seat surfaces. Front passenger side cover has a handy seatback pocket. Covers are custom fit for front and rear seats.

[K] Roof Box Cargo Carrier and Sport Utility Bars | Now you can increase the cargo capacity of your Compass to keep up with your active lifestyle. Roof Rack accommodates our sports and cargo carriers.⁽³⁾ **Sport Utility Bars** are built of heavy-duty Silver anodized aluminum. T-slots allow for quick carrier installation. Bars attach to the Production Roof Rack Side Rails and accommodate all our Carrier Accessories. Set of two.

[L] Water Sports Carrier | Set sail for your favourite river, lake or deep water. Carrier transports most kayaks, sailboards, or surfboards with flat or curved hulls and includes latching nylon straps and slip resistant pads. Mounts to Sport Utility Bars (not included).

[M] Tent Kit | Experience the great outdoors inside your Compass. Tent attaches to the rear of your Compass to maximize your storage and sleeping space, and stands alone if detached from your vehicle.

[N] Roadside Safety Kit | The no-nonsense kit to have in an emergency. This large multipocket nylon tool bag features the Jeep logo and contains jumper cables, large fleece blanket, leather gloves, multifunction flashlight, 2"x20" recovery tow strap and heavy-duty tote bag.

Additional Jeep Accessories by Mopar | Battery Blanket, Cabin Air Filtration Kit, Canoe Carrier, Engine Block Heater, EVS I Security System, Flat Splash Guards, Locking Gas Cap, Premium Vehicle Care Products, Smoker's Kit, Soft-Sided Luggage Carrier, Speed Control, Trailing Accessories, Wheel Lock Kit, Windshield Sunshade, Vehicle Cover, Vertical Envelope Net

⁽¹⁾Check Owner's Manual for hitch types, load capacity and heavy-duty equipment required. Do not exceed recommended tow capacity of vehicle as equipped. Towing may require some items not supplied by Mopar. ⁽²⁾Properly secure all cargo.

⁽³⁾Cargo Carrier adds 15.5 cubic feet of storage space.

 Enhance your Jeep Compass with Authentic Dodge Accessories by Mopar. They're designed specifically for your vehicle, for exceptional fit, finish and performance. Visit your dealership or mopar.ca.
