

THE AUTHENTIC DIFFERENCE.

A passion for uncompromising performance and quality is the essence of the Authentic Difference, and it's forged into every part and accessory we make. As the official parts and accessories division of Chrysler Motors LLC, Mopar[®] is original equipment. Which means that every Authentic Chrysler Accessory by Mopar in this catalogue is designed by a Chrysler Engineering Team – the people who know your Town & Country better than anyone else.

OUR PRODUCT IS A RESULT OF UNCOMPROMISING STANDARDS. You'll recognize the difference in the tighter tolerances required of original equipment accessories. You'll see it in our materials, which provide a superior finish and an exact vehicle colour match, as well as in the integrated fit that comes from utilizing the same computer modeling technology that was used to design your vehicle.

OUR PROCESS IS AN ADHERENCE TO STRICTER TESTING. You'll appreciate the difference in our rigorous evaluations, from demanding salt bath corrosion tests and impact performance tests to harsh on- and off-road durability testing. And you'll discover that all Authentic Chrysler Accessories by Mopar are designed so they will not adversely affect your vehicle's original performance specifications, such as engine cooling and proper air bag deployment – a common problem with many aftermarket accessories.

Whether you're looking to enhance your Chrysler Town & Country with premium protection, convenience, style or entertainment, choose the Authentic Difference. Just like our accessories, it's a statement – and a standard of excellence – you'll benefit from for years to come.
