MOPAR PERFORMANCE PARTS.

1. COLD AIR INTAKE KITS. These kits help to increase horsepower and torque while lowering atmospheric conditions. Cold intake kits also remove all necessary engine heat.

2. WIND DROPP KIT. Choose this kit for easy opening and closing of your Jeep® Hood. This kit eliminates the single hood prop rod. This Authentic Accessory holds your hood open at a convenient angle and includes two gas struts and mounting hardware.

3. CAT-BACK EXHAUST SYSTEM. Features T304 stainless steel construction with mandrel-bent tubing, stainless band clamps, and polished tips. This free-flow system helps to provide horsepower and torque gains and a deeper exhaust note.

4. HOOD VENT. This Hood Vent is designed to improve air flow and keep out debris. Constructed of durable ABS plastic and features an attractive Black paintable finish.

5. HEAT REDUCTION HOOD. Three mesh vent areas allow heat to escape and add aggressive design appeal. Arrives fully E-coated and ready to paint. Use existing factory hardware to ensure a proper fit.

6. SNORKEL SYSTEM WITH PRE-FILTER. Fits the Heat Reduction Hood or the production hood. This snorkel lets you play it safe when you hit the trail, helping to keep your engine breathing clean, fresh air. The pre-filter adds a higher level of protection to your air filter.

1. Warn®-Mounted "Off-Road Lights":
   These heavy-duty Off-Road Lights come in a set of two. Includes lens covers, and are available in five- or seven-inch lights. Brackets are sold separately, no drilling required.

2. Classic Five-Hole Wheel:
   Made to accommodate wider tires with 117 mm of backspacing. Available in Silver and Black.

3. Skid Plate:
   Designed to slide over obstacles, the Black Skid Plate is constructed of heavy-duty steel to help protect the steering gear.

4. Tow Hooks:
   Designed to help you get out of difficult situations. Available in Black.

5. Off-Road Bumpers:
   Heavy steel front and rear bumpers include a grille guard, fog lights, a winch, and a winch mounting plate. Heavy steel front bumpers feature Fog Lights, a grille guard, and a winch. The Front Bumper is designed to be compatible with the air bag system. Front Bumpers are available with and without an integrated winch mount. The Rear Bumper is designed to be compatible with all hitch receivers and is equipped with tow eyes. For added convenience, a Swing-Away Tire Carrier that fits up to a 37-inch spare tire is also available.

6. Warn® Winches:
   Our extensive lineup features four winches with Hawse Fairleads. Each winch features a sealed, water-resistant die-cast body structure. Synthetic winch line is also available.

As a Jeep® Wrangler owner, your natural instinct is to take the path of least resistance. And that’s just where Authentic Jeep Accessories come into play. They are the extra features that can help you get out of a jam – as well as add style, function, and performance. The team that designed the Jeep logo can help you buy gear online, taking the guesswork out of the rest of the things you need to buy.

1. Winch récroVeryGear and bag.
   This Off-Road Recovery Gear Kit is a must for any Jeep owner. Kit includes heavy-duty snatch block pulley, 9.1-m recovery strap, tree trunk protector, a pair of D-rings, winch line dampener, and recovery gloves. Also includes a durable bag, featuring the Jeep logo, to keep your gear neatly organized and ready when you need it.

2. Fender Flares:
   Fender Flares bring a tough new style to your Wrangler’s design and protect it from off-road debris. Built of an exclusive material and made to withstand the harshest environments, they provide additional tire clearance and are available in two styles.

3. Black Fuel Filler Door:
   Unique filler door adds contrast to any Wrangler body colour and replaces the existing fuel filler door.

4. Hitch Receiver (3):
   Hitch Receiver can tow up to 1588 kg (3500 lb) with proper towing equipment and can be used with Off-Road, Tubular, or production Bumpers. Ball Mount, Hitch Ball, Wiring Harness, and Hitch Receiver Plug are sold separately.

5. Swing-Away Tire Carrier:
   Carrier is designed to move the weight of the spare from the body to the frame. Accommodates up to a 37-inch spare tire and mounts to rear Off-Road Bumper.

6. Corner Guards:
   Besides adding a measure of rough-and-ready style, these rear Corner Guards help protect your Wrangler from dings, scratches, and bumps. Made to fit the custom quick release, they are locked into place to stow your 10-inch steel spare and painted Black.

OUT HERE, ITS CAPABILITY SHINES.
HAULS DIRT AND DREAMS WITH EQUAL EASE.

Hauls dirt and dreams with equal ease. Behold, the conquering hero.

Inspired by the Jeep® Scrambler CJ-8 of years past and the J-8 military vehicle, Mopar® brings you this exciting new Conversion Kit. It allows you to combine the best of both worlds to utilize the capabilities of a four-door Wrangler with the functionality of a durable two-seat pickup truck.

1. JK-8 Truck Conversion Kit

Do-it-yourselfers can transform four-door Jeep vehicles with these ready-to-go parts, or have it installed by your Mopar retailer.

2. Hardtop with Freedom® Top Panels

Designed with comfort and convenience in mind, this removable Hard Top features easy-to-remove Freedom Top panels and a sliding rear window. Hard Top features a smooth finish.

3. Bulkhead

This body panel protects the interior of the truck, preventing items from sliding into the cabin, keeping the inside safe and secure.

4. JK-8 Independence Truck Bedfloor

Length: 1270 mm; Width: 1118 mm between wheel wells. Shown with a spray-on bedliner.

5. Body Panels

Contains all the Body Panels needed to complete the exterior look of the truck. Body Panels and Hardtop require paint and body work to install.

6. Windshield-Mounted Off-Road Lights—Hella® 500 or 700. (1)

These lamps provide brilliant performance and off-road durability. They're ideal for dark country roads and finding your way through the woods. The lightweight material and powerful bulbs are protected with corrosion-resistant ABS housing. The vapor-coated aluminum reflector ensures clear, bright light in all driving conditions. Set of two. Shown with included Hella light covers. Brackets sold separately; no drilling required. (1) Check provincial and local regulations for installation and use.

BEHOLD, THE CONQUERING HERO.

1. Premium Front Off-Road Bumper

For hardcore off-roaders, this heavy-gauge triple-coated steel Front Bumper is designed to clear 37-inch tires. Bumper is available with or without grille guard. Four WARN® Winch models are available, sold separately.

2. Premium Rear Off-Road Bumper and Tire Carrier

For enhanced protection on the highway and the trail, this unique all-steel component is cleverly designed to allow separate installation of both the bumper and the 1016-mm tire carrier. A built-in fluid carrying system constructed from tough cross-link polyethylene can hold nearly five gallons of liquid. Anti-vibration tie-rod adjustment helps to keep everything tight and tidy.

3. Classic Five-Hole Wheel

As timeless as the Wrangler itself, this wheel design is at once stylish and sporty. Made to accommodate wider tires with 117 mm of backspacing. Available in Silver and Black.

4. Rock Rails

Our Rails offer great bodyside protection. Mounted at the same height as the body side, they don't reduce ground clearance. Rock Rails also feature a textured Satin Black finish.

5. Half-Door Kit

These Half-Door Kits improve your panoramic view while offering security and protection. The kit includes one pair of lower-half doors that are identical to production models, E-coated, and ready to paint.
