(1) Late availability.

Our performance Cat-Back Exhaust System features T304 stainless steel construction with mandrel-bent tubing, stainless band clamps, and polished tips. These free-flow systems help to provide horsepower and torque gains, a deeper tone, and improved fuel efficiency.

2. C olD a IR IN tak E k I t.

This kit helps provide horsepower and torque gains under varying atmospheric conditions. With an aggressive sound, this intake provides performance you can hear and feel. The Cold Air Intake Kit includes all necessary mounting hardware and a filter.

3. pER fo RM a NCE  susp EN sI o N  kI t.

This premium Performance Suspension Kit features exclusive new stainless steel INOX technology. The thread design and aluminum spring perches allow easy adjustment of your vehicle's height according to your exact specifications, and ensure that little to no wear occurs, even after years of the strongest weather influences.

4. st R ut to WER b R a CE .

Give your vehicle suspension improved handling, braking, chassis rigidity, and under-the-hood style with this Strut Tower Brace. The impressive and cost-effective upgrade functions as a bar between the two strut towers to minimize flex during hard cornering and braking. Rear Strut Tower Brace also available.

5. sH o C k to WER  C aps.

Laser cut from fine stainless steel and polished to a mirror-like finish, the eight-piece chrome set covers the upper strut mounts of your vehicle's shock towers. They replace the existing, production Black plastic caps for the top struts and mounting nuts with shine and style. Includes all installation parts.

6. aN t I - sW ay ba R s.

For those who’d rather leave the rock and roll to the stereo, these bars help resist body roll motion. With less side-to-side lean in turns, they will help you enjoy better handling and control on the road.

(1) Mopar Performance Parts are sold "as is" unless otherwise noted.
(2) Available for 5.7-liter and 6.4-liter engines only.
(3) Late availability.
RARING TO GO.

1. REAR SPEAKER: Not only does it upgrade the acoustics, it also matches exterior looks with its iconic racing appearance. Available in Matte Black, which can be painted to match body color.

2. 20-INCH CLASSIC II WHEEL: Rev up the custom good looks with this stylish wheel. This custom, corrosion-resistant 20- x 8-inch forged wheel features a new five-spoke design with a polished finish. It’s a classic look that reflects Charger’s legendary heritage in racing and performance.

3. LOWER FRONT FASCIA AIR DAM: Add even more substance to your Charger’s aggressive stance with this custom-fit accessory. The air dam mounts beneath your existing front fascia.
