PERFORMANCE YOU CAN’T PASS UP.

1. Cold Air Intake.
   This kit helps provide horsepower and torque gains under varying atmospheric conditions. With an aggressive sound, this intake provides performance you can hear and feel. The Cold Air Intake Kit includes all necessary mounting hardware and a filter.

2. Chrome Exhaust Tip.
   Accent your Durango’s rear end with a bold chrome exhaust tip for some added show on the go.

3. 18-inch Winter Wheel.
   This durable Black steel replacement wheel is a rugged and reliable bad-weather alternative.

4. Engine Block Heater.
   Helps keep the engine warm for easier starting and quicker warm-up. Features special plug-in wiring, which is the same as the production offering.

5. Battery Blanket.
   Blanket electrically warms the battery to extend battery life and prevent loss of starting power due to cold temperatures. 80-watt battery heater.

6. Electronic Trailer Brake Controller.
   Indispensable when you want extra peace of mind when towing. Trailer brake controller features a display with precise digital readout, showing the exact amount of brake force applied to the trailer – which you, the driver, decide and manage. Trailer brakes apply automatically to match the tow vehicle’s requirements, and can also be applied manually via a towing switch.
