Trailer Brake Controller features a display with precise digital readout, showing the exact amount of brake force applied to the trailer — which you, the driver, decide and manage. Trailer brakes apply automatically to match the tow vehicle’s requirements, and can also be applied manually via a sliding switch.

(1) Mopar Performance Parts are sold “as is” unless otherwise noted.

Since the time of printing, some of the information you’ll find in this catalogue may have been updated. The appearance of accessories shown may vary depending on vehicle application. See your retailer for the latest Mopar product information. The Mopar ® name has long been emblazoned on race cars greeted by checkered flags, on boxes left over from a weekend of wrenching and on shirts belonging to the masters of your make and model. Its rich history is born not just of parts but of lifelong connections made at those tracks, garages and service bays. Mopar is with you the moment you get your new keys and for every kilometre thereafter. It helps you make your ride your own with accessories of every kind. It assures you with expert maintenance, made-for-your-model parts and Chrysler Service Contracts.
