The story of Mopar began nearly 80 years ago with a focus on motor parts and the introduction of a simple can of antifreeze. Through the decades, we have grown into so much more. Today, as the official service, parts and accessories provider for FCA brand vehicles, we work alongside you as your partner in the vehicle ownership experience. That’s why all Mopar® authentic parts and accessories are designed by the same engineers that created your vehicle to make it truly yours. It’s why our team is comprised of expert retailer technicians who know your make and model back-to-front with leading-edge diagnostic technology no one else can match. And it’s why we’ve created services like Express Lane Service and Mopar® Vehicle Protection plans to offer convenience and peace of mind. In short, we are not only here to service cars, trucks, minivans and SUVs—we are here to service people’s lives. It’s this commitment that binds us and our team to our promise to you that you can count on Mopar for life.

STAGE I PERFORMANCE PACKAGE. Take your Chrysler 300 from envy on the street to a menace on the track in three steps. Step 1 in making it happen is the Stage 1 Performance Package, which provides an increase in horsepower and torque through two modifications: a Mopar Cold Air Intake Kit to increase airflow to the 5.7L engine, and a performance-calibrated, 5.7L HEMI® optimized Engine Controller. With all three Performance Packages you can have it all — all modifications included set up your vehicle’s performance and a performance without violating your vehicle’s factory-backed warranty. (P5160100)

COLD AIR INTAKE KIT. This kit adds sharp street presence, decreases stopping distances and reduces brake fade. Kit includes larger Front Cold Air Filter, 180 degree 3-Way Heat Shield and 2pc. intake manifold. (P5160039)

STAGE 1 PERFORMANCE SPRINGS. This kit takes your performance vehicle to the next level. Kit includes shock absorbers, springs isolators, which together help improve control and handling, and ensures a smooth ride. (P4510854)

PAD AND ROTOR KIT. Keep your 300’s horsepower in check with these upgraded pads and rotors. Slotted rotors prevent glazing and improve initial bite, while Pads work to reduce brake fade. (P5160048)

HEMI® ENGINE COVER. This HEMI® Engine Cover, designed specifically for the 5.7L HEMI® engine, is a true nod to the original. Cover is also available in HEMI Orange (P5156223) and HEMI Orange (P5156224).

PORTED CYLINDER HEADS. Who says less is more? Ported Cylinder Heads modify intake and exhaust ports to increase directed airflow to the engine. More airflow means more power and reduced engine noise. (P5160001)

CAT-BACK EXHAUST SYSTEM. Our performance Cat-Back Exhaust System features T304 stainless steel construction with mandrel bent tubing and stainless band clamps. This free-flow system helps to provide horsepower and torque gains, a deeper tone and to improve fuel efficiency. System is compatible with vehicle’s original equipment exhaust tips. (P5160097 – With Active Exhaust)

BIG BRAKE KIT. This Big Brake Kit adds sharp street presence, decreases stopping distance and reduces brake fade. Kit includes larger Front Calipers (2 piston x 45mm) and Pads, larger Rotors (14.6”), Brake Hoses, Dust Shields and mounting hardware. (P5160035AB)

SUPER TRACK PACE EATS AND SPRINGS. This kit takes your performance vehicle to the next level. Kit includes shocks, springs isolators, which together help improve control and handling, and ensures a smooth ride. (P5160854)

SUPER TRACK PACE EATS AND SPRINGS. This kit takes your performance vehicle to the next level. Kit includes shocks, springs isolators, which together help improve control and handling, and ensures a smooth ride. (P5160854)

PERFORMANCE STAGE ONE CONTROLLER. This performance Controller engine controller manages the complete fuel and spark curve of your engine. Included in the Stage 1 Performance Package, this engine controller is optimized to the 5.7L HEMI® engine. (P5160001)

COLD AIR INTAKE KIT. This kit helps provide horsepower and torque gains under varying atmospheric conditions. With an aggressive sound, this intake adds extra performance you can hear and feel. Cold Air Intake Kit includes all necessary mounting hardware and a filter. (P5160039 – 965972105045, P5160039 – 965976089135, 965976089135)

STAGE 1 PERFORMANCE SPRINGS. Enhance your inner street racer and take your ride to glowing your suspension. This kit improves a noticeable drop and cuts body roll for crisp handling, tight cornering and faster response. Four coil springs are included. (P5160039)
