play for keeps

1. ALL-WEATHER MATS
   Custom-fit mats are moulded to the contours of Spider and feature the FIAT® Brand logo. The raised edges of the mats help prevent water, snow and mud from damaging the carpet, making preservation a top priority. [82150526]

2. PREMIUM CARPET MATS
   Preservation starts with premium. These floor mats are custom-fit for the FIAT 124 Spider interior and feature grommets to keep them in place. An embroidered FIAT logo allows you to express your vehicle’s FIAT Brand authenticity from head to toe. [82150545]

3. MOULDED CARGO TRAY
   Fits in the rear cargo area to help protect carpeting from spills, dirt, grease and grime. Black tray removes easily for cleaning. [82150532]

4. CARGO NET(1)
   Seize the day — and your cargo. This Black nylon net fastens to tie-down loops and keeps items from rolling around your cargo area. [82150529]

5. CONSOLE NET SHELF(2)

6. STONE CHIP PROTECTION FILM COVER
   Protect your vehicle’s paint finish with our paint protection films. Kits are precisely precut to fit the contours of your vehicle, help protect it from bugs, dirt, scratches, etc., and cause no damage to your OEM paint if removed years later. [8215021 – Classica/Lusso | 8215193 – Abarth]

4 STRUT TOWER BRACE
One bar, two towers, formidable track performance. The result preserves the chassis rigidity during hard turns and bumps, as well as improves responsiveness to steering, turns and overall handling. [68328771AA ]

5 TUNNEL BRACING KIT

6 LOWER ARM BAR
Slightly different from other braces, this aluminum bar solidifies the suspension’s mechanical elements. The Lower Arm Bar also improves handling, steering response and tire traction by increasing chassis rigidity. [68328772AA ]
