

AUTHENTIC PERFORMANCE™

STREET OR STRIP? WE'VE GOT THE HEMI® YOU WANT.

REMANUFACTURED 5.7L HEMI LONG BLOCK ENGINES NOW AVAILABLE

Mopar now offers remanufactured 5.7L HEMI long block engines for 2003-04 Dodge Ram trucks with non-multi displacement systems. These fully tested, high-quality assemblies include all the latest DaimlerChrysler engineering upgrades. Best of all, they come with a 3-year/60,000-kilometre limited warranty.

You demand legendary HEMI quality and performance. You want parts availability and timely delivery. That's why Mopar is your best choice for remanufactured engines and transmissions. For more information, contact your Chrysler, Dodge or Jeep dealer today.

5.7L HEMI CRATE ENGINES — THE HIGH-PERFORMANCE ALTERNATIVES

Mopar offers two exciting high-performance 5.7L HEMI crate engines for customers who want something special for their classic muscle car, street rod, street machine or drag race vehicle. Available with multipoint fuel injection or a 600 cfm Holley 4-bbl carburetor, these modern crate engines each deliver 360 horsepower at 5400 rpm and

360 lb-ft of torque at 4200 rpm. They are completely assembled with all-new components, and feature "plug and play" technology that can accept low pressure (5-7 psi) fuel delivery systems. Installation into most vehicles is hassle-free. Log on to www.mopar.ca today to see Mopar's complete line of HEMI, small block and big block crate engines and performance parts.
